

Good Afternoon,

The U.S. Department of Housing and Urban Development (HUD), Notice of Funding Availability (NOFA) has been released. We are sending this Notice of Intent reminder out if your agency intends to apply for funding for the 2019 grant cycle and have not done so yet. Please send a letter of intent to apply to info@catcharkansas.org, afterwards we will send information to you related to the application process, etc. Please note that this does not obligate your agency to apply for funds however a letter of intent has to be sent to CATCH in order for your agency to apply for funding.

If you have any questions about this process, please contact Doris Turner, CATCH Board Member, at 501-244-5420 or by email at dturner@littlerock.gov.

Thank you!

Michelle Spencer-Gardner
